

DESIGN PROPOSAL

CITY HALL- 5th floor

submitted by Joel Sager

MEET AND GREET

- After having met with 5th floor departments of Finance and Community Development, according to a compilation of their feedback, the respective departmental employees and clientele of Floor 5, City Hall consist most essentially of:
 - Contractors
 - Tradesmen and Tradeswomen
 - Architects
 - Engineers
 - Business Owners

CONSENSUS

The majority of 5th Floor City Hall traffic as well as employees have an aesthetic appreciation for the craftsmanship of traditional and classic architecture

My proposal is three paintings set along the East wall, consisting of significant city buildings duly representing the Columbia in these three facets:

- Civic
- Commerce
- Culture

Civic (Courthouse)

Commerce

(Central Dairy)

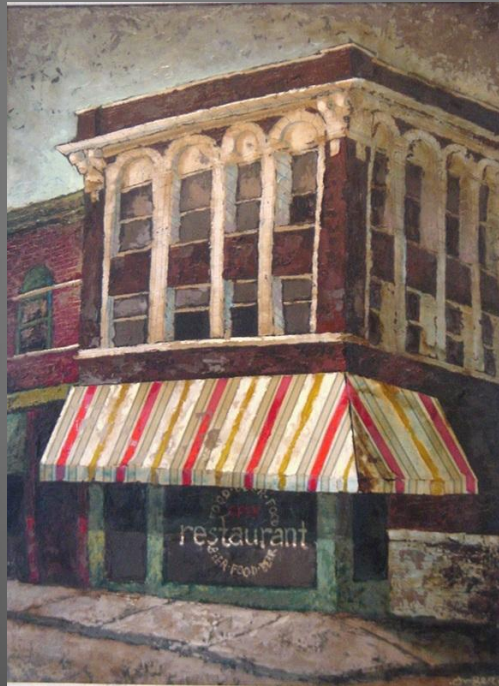

Culture

(Blue Note)

Material

Material and finish of the work will consist of my typical media: Collage (wallpaper or material), Tar, and Oil Pigment, finished with a Damar Varnish, resulting in highly textural, semi-gloss surface texture

Placement- View to Left

Placement- View to Right

Lighting

track lighting currently in place will be appropriate and adequate
